Categories

Information is listed by categories, as shown in the Table of Contents. Arrangement within categories is as follows: Airfields and Urban Areas-alphabetically by (1) country and (2) city or installation; all other categories-by (1) country. (2) WAC number, and (3) degree square. An index of geographic names follows the text.

Coordinates

Reference to each item by a single pair of coordinates is a matter of convenience in data recall. The coordinates used for reference are those of the southwest corner of the one-minute square in which the item occurs. An exception is made in referring to certain targets, such as roads, where coordinates of the approximate midpoint are listed in the heading and additional coordinates may be cited in the description if they are needed.
